

San Antonio FAAS Team presents:

# **WINGS - Removing the Mystery**

The WINGS Program (The Pilot Proficiency Program) is based on the premise that pilots who maintain currency and proficiency in the basics of flight will enjoy a safer and more stress-free flying experience.

The WINGS Program encourages an on-going training program that provides the Airman an opportunity to fly on a regular basis with a Flight Instructor. The program is most effective if the training is accomplished regularly throughout the year, thus affording the Airman the opportunity to fly in different seasons and in different flight conditions.

Reviewing and refreshing your knowledge is just as important as actual flying. To meet this goal, there are many opportunities to complete online courses, attend seminars & webinars and other events. Many 3rd party activities, such as those offered by AOPA Air Safety Foundation, ASA, Sporty's, Gleim Publications, and others, qualify for WINGS credit and will indicate such credit on their web sites. Here's the agenda -

- How to Create a WINGS Account
- WINGS – The Basic Requirements
- How to Earn Knowledge Credits
- How to Earn Flight Credits
- The role of the FAAS Team Representative
- The Role of the CFI
- Recommended Path to Success

## Event Details
